

You get a **'That code isn't valid. Make sure that you've typed in the correct code.'** error, and you're sure that the code is correct.

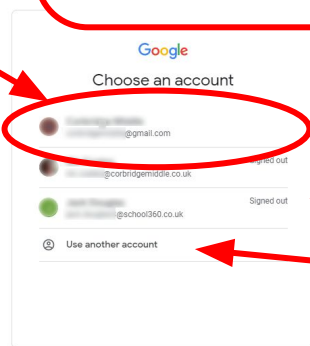

In the Google Classroom main page click **'TRY ANOTHER ACCOUNT'**

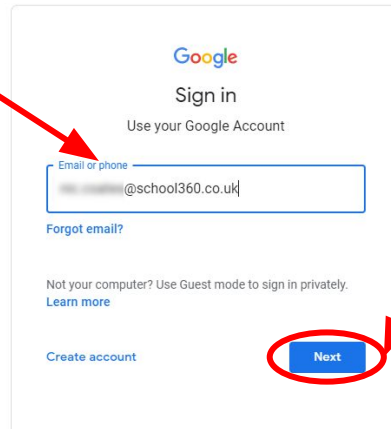

The account at the top of the **'choose an account'** list should be [your school 360 user name]@school360.co.uk, if it isn't, look for your @school360.co.uk account in the list, click it and sign in. If your @school360 account isn't in the list click **'Use another account'**.

Signed in account.

If you can't find your @school360.co.uk account in the list click **'Use another account'**.

Enter an email address in the format [your School360 login]@school360.co.uk, so, if your School360 login is john.smith, you would enter john.smith@school360.co.uk
